- 5 Hello, everyone. Do you like animals? Do you have any pets? I'm going to talk about my dog today.
I have a grandmother in Yamanashi. Four dogs were born in her house last year. My sister and I like dogs very much. We said to our mother, "We want to have one of the dogs." My mother said, "If you take care of the dog every day, you may have it." We were very happy, and named the dog Lily.
My sister gets up early and walks Lily every morning, and I walk Lily every evening. My brother walks with us on Sundays. We sometimes run in the park together.
My father likes Lily very much, but he doesn't walk her because he is very busy. He made a bed for Lily. He bought a ball for her birthday. My mother gives her food every day. Last week, we took a picture of us with Lily and sent it to my grandmother.

Question 1 : Who walks Lily in the morning?

Question 2 : What did Kenta's father give Lily for her birthday?

6 *Lucy* : Good morning, Dad.

Father : Good morning, Lucy. That picture is beautiful.

Lucy : Mom bought it yesterday.

Father : You look sleepy. What time did you go to bed yesterday?

Lucy : At 11:20. I read a book last night. Dad, can I use your computer today?

Father : What are you going to do on the computer?

Lucy : I want to buy a book. I went to the bookstore yesterday, but it didn't have the book. I will buy it on the Internet.

Father : What is the title of the book?

Lucy : "Kaguyahime." My Japanese friend told me *Kaguyahime* is interesting and he has read it many times.

Father : It's a Japanese book.

Lucy : Have you ever read it?

Father : Well I have read it in English. I think I have that book in my room.

Lucy : Really? Can I read it?

Father : Sure. But I think you should read the book in Japanese first.

Lucy : I see.

Father : Will you practice the piano after breakfast?

Lucy : Yes, I will.

Father : Your mother is going to use my computer to read the news on the Internet until 9:10. You can use it after that. Your brother is going to start to use it to play games at 9:50.

Lucy : OK.

Question 1 : Why does Lucy want to use the computer?

Question 2 : How long can Lucy use the computer?
